Practicals:

Practical activities have huge significance in the learning process. They engage students, helping them to develop important skills, understand the process of scientific investigation and develop the broad understanding of the concepts

Hobby Clubs:

Hobbies are one of the greatest pleasures of life, but hobbies can often be overlooked in adolescence. One of the most positive things you can do for an adolescent is encourage extracurricular activities and hobbies.

Culturals:

College fests or cultural events are what make college life interesting and exciting. We conduct various cultural competitions for the students which helps the students to explore their talent.

Seminars:

Seminars are conducted in the open environment for practicing communication techniques which helps students become a better listener, present their arguments and ideas clearly and be open to others "point of view"

Workshop:

At REVA we conduct various workshops and introduce a new concept., Spurring participants to investigate it further on their own, or can demonstrate and encourage the practice of actual methods. Especially for the people who work together, a workshop can help to create a sense of community or common purpose among its participants.

CET & NEET:

REVA has the best faculties with vast knowledge and extensive academic experience for the preparation of CET and NEET. REVA in terms of academic system, faculties, study material, Superior technology aided teaching methodology has emerged as an apex body in the technology driven era of coaching. We truly believe in "nurturing potential through education"

Sports:

Sports activities are an integral part of the academic activities. REVA had a reputation in the past winning in inter collegiate tournaments. Along with ample support of principal and staff our athletes reached glorious heights. REVA has outdoor and indoor sports facilities including Badminton, Table Tennis, Volleyball, Basket Ball, Foot-ball and cricket stadium. We encourage and support National and Inter nation sports students.

Mentoring:

At REVA mentoring has shown to be one of the most valuable and effective development opportunities an organization can offer to students, which improve the mentees confidence in their ability to execute the task at hand. Mentoring provides an avenue for students to find resources and answers to problems, to empower students to resolve their problem themselves.

LMS:

Learning Management System is a web based application that allows educational institutions to provide the target beneficiaries with informational content and educational resources. It is an effective and responsive way of industry experts and teachers to create, deliver and manage their content, as well as monitor participation and access performance among learners.
